## WATER AND SEWER CONNECTION AGREEMENT

The undersigned hereby requires permission to connect to the Town's main water and sewer line.

The resident is fully aware that all equipment cost (excavator from town's main line to residential boundary line) and labour is at the owners' expense. The town will supply, from the main line to the residential boundary line; curb stop, box and rod, sewer saddle, corporation stop, copper pipe and sewer line that ties into the main line boundary.

All main line connections will be made by the town's Maintenance Man **ONLY** and all labour incurred will be paid by the resident.

- A. Paved Area – \$1,000.00 to cover the cost of cutting and replacement of pavement.
- B. Non-paved Area – \$500.00 to cover cost of road restoration from ditching.
- C. Where curb stop and sewer line has been placed – \$100.00 to cover cost of any damage and connection.

The fee must be paid before any work is to commence and any arrears in taxes must be paid in full before water is turned on.

The undersigned agrees to install a pressure reducing valve on water line, a sewer back up value plus vacuum valve on hot water boiler, and storm drains are not permitted to be tied into sewer line.

The undersigned agrees to all the above as to related to water and sewer connection.
